Industry

- Maximize production up-time
- Preserve product integrity

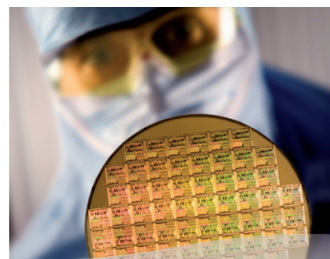

Commercial Offices

- Net asset value appreciation
- Optimized operating expenses

Healthcare

- Infection control, IAQ
- Compliance issues

Life Sciences

- Speed to market
- Compliance issues

District Cooling

- Energy efficiency
- Maximize operation up-time

Residential

- Energy efficiency
- Acoustic control

High Performance Buildings for a Greener Future

Realize your Vision

- Use environmentally responsible refrigerants
- Put sustainable design into buildings

Design for the Future

- Specify best-in-class efficiency and performance
- Leverage advanced tools for faster design, better analysis, and higher building performance

Build for Living

- Get the right products at the right time
- Finish jobs on time and on budget

Control your Environment

- Lower the total cost of ownership with higher energy efficiency
- Achieve superior indoor air quality for a healthy environment

Who we are

Our Vision

We are dedicated to driving progress for our Shareholders, Employees and Communities by achieving:

Dramatic Growth,

by focusing on innovative solutions for our customers

Operational Excellence,

by pursuing continuous improvement in all our operations

Dual Citizenship,

by bringing together the talents of all Ingersoll Rand people to leverage the capabilities of our global enterprise

Climate Solutions

Our Climate Solutions sector delivers energy-efficient HVACR solutions for customers globally to enhance the quality and comfort of air in homes and buildings, transport and protect food and perishables.

Industrial Technologies

Our Industrial Technologies sector provides products, services and solutions that enhance our customers' energy efficiency, productivity and operations by providing our diverse and innovative products and utility vehicles for businesses and individuals.

Security Technologies

Security Technologies is a global provider of products engineered to make buildings safe and secure, from electronic and biometric access control systems to portable security devices and decorative hardware.

Residential Solutions

Residential Solutions delivers safety, comfort and efficiency to homeowners throughout North America. Our quality products, services and solutions include mechanical and electronic locks, heating and air conditioning systems and remote home management
